

The Sunfish is a one-design sailing dinghy which can be sailed with one or two person(s) but is most often sailed singlehanded. At 13 feet 9 inches (4.2 m) in length and 130 lb (59 kg) in weight, the Sunfish is easily carried in a luggage rack or a light trailer. The Sunfish is used as a day sailer or a racing boat, with over 1000 racing events every year worldwide.
